

## **Medication Prayer**

Most people are on some kind of medication.  
Consider this prayer over your medication:

Lord Jesus Christ send your healing angel St. Raphael,  
sometimes called the "medicine of God,"  
or the "physician of God,"  
to bless this medicine,  
and/or the supplements that I am taking  
and enhance their healing abilities  
so that they work quickly and efficiently.  
Bless and guide my physician in prescribing the optimum amount to  
accomplish the healing in the minimum time,  
but at the same time  
remove any harmful side effects they may have  
so that none of them are manifested in me.
