

Heal Your People Lord

Heal Your People Lord

Christ Jesus, guide us with the spirit of mutual support,
teach us to be charitable in our prayer life.

Save us from wickedness so often veiled as resilient habits
that can be packaged as socially acceptable behaviors.

Heal us when we have unforgiving hearts that
dwell on wrongs and resist letting go of bitterness.

There are times *when our spirits fail, our souls are in distress,*
Even our hearts within us are numb. (Psalm 143)

Free us from our present sorrows, answer our petitions,
We believe that none of our prayers are made in vain.

Restore, confirm, strengthen, and establish us
after we have suffered a little.(1Peter5:10-11)

We are your patients and we plead for your mercy,
Heal your people, Lord!
