

Protection Prayer

Lord Jesus we thank you
for your help in our
healing and deliverance
from the forces of

darkness. Thank you for the many healings, mostly hidden from our eyes, that occur each and every day among us.

The sickness and evil that we confront is often more than our humanness can bear; cleanse us from any and all anguish, negativity, or despair that attempts to impact our daily activities. If and when we are tempted to be irritable, impatient, or lustful, immediately cleanse us of those reactions and guide us in replacing them with understanding, patience, and purity.

If at any time evil spirits attempt to attach themselves to our being or afflict us in any way, we command them to immediately make themselves known so that we may call upon St. Michael the Archangel and direct them straight to Jesus Christ who will deal with them as only he can.

May the Father, Son, and Holy Spirit fill us with determination, strengthen us where we are weak, permeate us with light, fill us with holiness, and protect us from sickness and harm. Be our special protector especially when we travel and bring us safely back to home.

We ask these things in order to glorify the Almighty One through the actions we impart in the Name of Christ Jesus. Amen
